

Crafting wooden legacy

Brochure

OVB WOOD

Dear reader,

Welcome to the world of OVB WOOD,
where I turn stories into wood.

OVB WOOD

Get to know me

Behind OVB WOOD is me, Olaf.

I have always been fascinated by nature and the life that surrounds us in plants, animals and landscapes, especially in trees and wood.

I am from Holland and I specialize in creating wooden heraldry, from wooden coats of arms to all kinds of detailed woodcarvings. Every piece is made with the highest quality wood and crafted to last for generations.

I love working with wood. Through OVB WOOD I get the chance to craft people's stories into wooden legacies that bring them joy.
